Vented Hearth Heaters

Enjoy instant warmth plus lower heating cost with a traditional enclosed or fireplace-look heater!

New glass-front "fireplace-look" or enclosed vented hearth heaters provide comfort for hard-to-heat areas. Our vented hearth heaters are designed to give you maximum efficiency, low fuel consumption and quiet operation.

We have a compact enclosed model for smaller rooms that is both economical to buy and operate.

21,000-45,000 Btu/hr
